

An Exclusive Offer  
From your Insurer

For Caravan and  
Caravan Coupler Owners

\$50,000 or more  
COMPULSORY

\$50,000 and less  
VOLUNTARY

Do not let thieves  
*rob* you of  
your vacation!

Your Insurer, Aviva Elite, now insists upon the installation of an AMPLock SB1000 anti-theft lock for all **new or renewed insurance policies for Caravan and Caravan Coupler type recreational vehicles (valued at \$50,000 or more)**. On a voluntary basis, policyholders, with Caravan or Caravan Coupler value less than \$50,000, can also benefit from this exclusive offer.

**Procedure to follow:** To benefit from this offer, you must stop by certain specifically accredited dealers **with your Aviva Elite insurance certificate (pink slip) in hand.**

Please refer to the list of affiliated dealers at: <http://www.amplock.com/fr/assurance.htm>

**SB1000**  **LES VÉRIFIÉS**  
**THE ULTIMATE ANTI-THEFT LOCK**

This system was specifically designed for drawn vehicles. Basically, it is a lock which is installed onto the vehicle or directly onto the trailer when it is unhitched. The lock is made of ductile cast iron, which renders it 40 times more resistant to destruction than any other product on the market.

Furthermore, this device gives off a loud signal if one forgets to install the lock. The Achilles' heel of most locks being their locking mechanism, AMPLock uses a disk-locking mechanism, which is both difficult to pick or drill, and which cannot be frozen using liquid Nitrogen.

**CARAVAN LOCK**

Includes:

**CARAVAN COUPLER LOCK**

Includes:

**REBATE OFFER
